Nickel Plate Trail

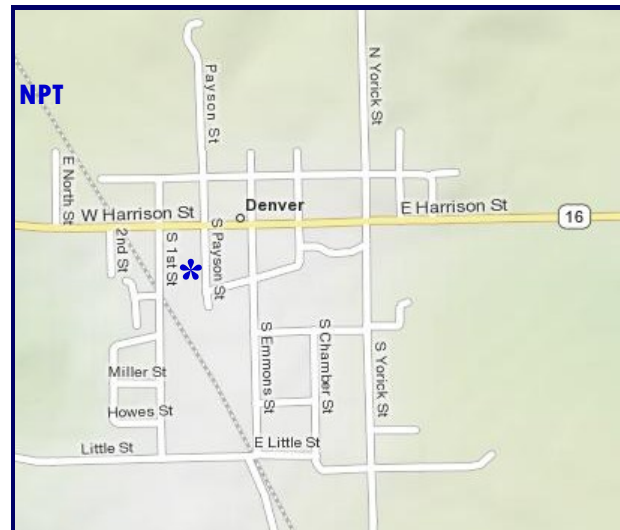

We are excited to be able to host this event and include the newly paved northern section of the Nickel Plate Trail. We hope in the years to come we can expand the ride to include longer routes and even more of the trail. The Nickel Plate Trail runs more than 40 miles through three counties, linking Kokomo, Peru, and Rochester, Indiana. The route ranges from perfectly flat to very gentle slopes. The only motorized traffic you have to worry about is at the road intersections, so even the newest and youngest riders will feel safe and comfortable riding the trail.

JOIN US AGAIN

The **official** opening of the northern part of the Nickel Plate Trail will be Saturday, October 2, 2010 including Cole Porter Run/Walk, Health Fair, Octoberfest, Bike Ride, and more! Visit www.nickelplatetrail.org for details.
